## An Audio Installation Engagement Sheet

**Thank you for coming. We hope you enjoyed the stories! We believe that everyone has a story to tell (and some in many languages). We hope you will use this sheet to create your own story. Stories can be written, drawn, danced or told. Remember to tell the story with your perspective - there's only one you in the world, and we need your ideas! Use these prompts to create your own story.**

### **Make a Character**

Answer the below questions with detail. Remember to tell us why.

If your character is afraid of hairy feet, why? Does it remind them of spiders?

- What's their name?
- How old are they?
- What languages do they speak?
- What do they love to do?
- Who is their favourite person in the world? Why?
- Who do they hate most in the world? Why?
- What do they do on a normal day?
- They have a secret- what is it?
- What scares them the most? Why?
- What do they love to do, but would be embarrassed to tell someone else?
- They really want something, something important (not just sweets or an Iphone). What do they want? Why?
- Something really difficult is stopping them from getting it. What is it?

**Well done! You have a character. Write the beginning of the story from their point of view. What do they do every day? Show us their normal day, how they think and feel. BUT!!! Something is about to change their life forever. What is it? Do they discover something they are not supposed to? Are they caught in adventure? Do they discover ancient magic? You decide! Just make sure it is important to your character!**
